From August 22 to September 6, Pastor Franz Quispe (National Director of Witnessing), Pastor Liz Banesa Kaluf (Youth Educator of Bolivia), and Pastor Cesar Tapia (National President of CARP) conducted a tour across the 12 CARP centers located in Bolivia's 6 churches.

The tour began in Santa Cruz, Ivirgarzama, and Cochabamba, continuing through Oruro, El Alto, Warisata, La Paz, Sucre, Potosí, and Tarija, before concluding in Trinidad. In each city, the team shared the contents of the Perfection of the Cheon Il Guk System with blessed families and members - knowledge gained during the 40-Day Seminar in Jardim, Brazil, led by the Continental Headquarters.

Participation across all locations was highly active, ranging from over 50% member attendance in some centers to 100% in others. Nationwide, more than 120 individuals and families gathered to attend the 1-day seminar.

Three main lectures were presented:

The Perfection of the Cheon Il Guk System

How to Witness in the Time of the Only Begotten Daughter

The Eight Vertical Stages of the Formula Course

Throughout the lectures, the emphasis was placed on the importance of witnessing and, above all, reflecting on how we practice the Divine Principle in daily life. Many families and members expressed a desire to study the Divine Principle again through discussion groups (a method used during the 40-day seminar), realizing they had neglected certain aspects of their daily practice of faith.

The primary determination among participants was to strengthen their witnessing as a path toward spiritual growth and to offer spiritual children to Haneul Bumo-nim and True Parents. As a result of the tour, families committed to setting specific days and times to go out witnessing and support the HJ team during this 120-day period.

Ultimately, the tour strengthened unity, renewed member commitment, and launched a new phase of witnessing work across the entire country.
