I hope you are well.

1678th Night Vigil at the Heavenly Garden

Summary of the Chief Priest's Statement

Mother was released on bail after 392 days, but she is not yet free, and the path ahead is still long. We must once again gather our hearts and build the tower of sincerity to secure her release, taking one step at a time toward the standards that move heaven and earth. For this great task, we hope that the world's food supply will fulfill its responsibility and help the heavens fulfill their role, becoming a great strength for Mother.

Proof of Spiritual Cultivation: 40-year-old male and 20-year-old female Korean-Japanese family. I had always believed that I had built a strong faith in my parents' faith since childhood, but when I entered society, I felt guilty of the contradiction between my faith and the people around me, and I joined the general 40-year-old cultivation to overcome it. During the training, I received many blessings, and the phrase "poor heavenly parents" stuck in my head, and I couldn't help but feel regret for not doing

anything to help my mother, who was struggling with her circumstances. I decided to join the spiritual cultivation to do everything I could for my mother. I practiced 120 bows of respect, aimed to read the true parent theory and the complete Heavenly Scripture, and tried my best to become one with my mother's feelings. However, I couldn't resolve the question of "what is resonance, and what does it mean to be one with my mother?" I deeply felt the love and sorrow for my mother, and tears overflowed, gradually understanding what resonance is. I prayed sincerely, thinking of the good path that the true parent has walked, and I decided that I would become a daughter who would serve my mother and be called by her whenever she calls.

Proof from the Training Department Director: Blessings from Japan and Korea. My parents had 6,000 children, and my grandparents and aunt also grew up in a blessed family without any negative thoughts, believing that faith is a natural part of life. When I was in high school, I participated in the 14th Shōwa Day service and returned to Japan, but within six months, I began to experience symptoms such as bronchitis, blood pressure problems, dizziness, and autonomic disorders, and for two to three years, I suffered through difficulties. I couldn't work part-time or study, and I became depressed. I felt very sorry for myself, and I prayed earnestly, "Please send me to the spiritual world," and for the first time in my life, I received a response from my Heavenly Parents, saying, "It is much easier to perform on earth than in the spiritual world."

I realized that I still had things to do on earth and participated in the 40th Shōwa Day service twice in a row in 2014. When I arrived at Seihei, the painful symptoms began to disappear, and after completing the 210th ancestral ancestral blessing, the symptoms completely disappeared. Through spiritual practice, I heard my father's voice saying, "You must become the leader of the praise team to revive the 2nd and 3rd generations," and I became convinced that this was my mission. As a lecturer at the 3-day Shōwa Day

service in Japan, I cried and prayed, and when I saw the video of myself praying, I deeply realized that it was not me, but my Heavenly Parents who were directly working on my behalf. I have resolved to continue to do my best in the place where I am and to offer joy.

We must always maintain a heart that is centered on the Heavenly Parents, the true parents. To resonate with the Heavenly Parents, the true parents, we must completely empty ourselves. If we release anger and loneliness, the spirits of anger and loneliness will invade us. When sending the Shōen (the guardian of the temple) to the Shōen, it was said, "If you even once deviate from your mother and the Shōen, how many times will you deviate from the end of the earth? When you become completely one, a miracle will occur." By coming to this Heavenly Heart Garden, one can separate the evil spirits and become completely one with the Heavenly Parents.

If we devote ourselves wholeheartedly to starting a new faith in preparation for the mother's release, even more surprising heavenly workers will occur in this place than before, and your faith will become even stronger. We pray for the blessing of the Heavenly Father to be upon this place.
