Bow and Family Pledge #5

PRAYER OF GRATITUDE - Secretary General of TC Pang Sang Il

Most Honorable Heavenly Parent

Victorious Heavenly Parent of HEH

Today on Sept 9 HC the 14th Year of Cheon Il Guk, Oct 23rd 2026 Welcoming the truly Meaningful Autumn CheonBo Special GWs, which marks the 80th GWs, we sincerely TY for Calling us to this Holy and Sacred Place.

Especially through the 1,682nd and 1,683rd Special Cheon Shim Won Devotions, we offer before Heaven the passionate devotions by BFs from around the world becoming one. So, please Heaven joyfully accept all these devotions.

Beloved Heavenly Parent, please Work so that all the members attending these Autumn GWs will see the fire of the Holy Spirit through the Ancestor Liberation Ceremony, Ancestor Blessing Ceremony, HJ Offering Ceremony and the Tree of All Things Holy Candle Prayer Gathering. Please Work so that the Works of rebirth and resurrection occur, where we repent with tears for our past wrongdoings and the seeds of sin, burning away all fallen nature. Please Allow us to truly be born anew. Please Work through us.

Heavenly Parent, looking back, this path we have walked has been a path of tears, a path of grace and a path of the Course of Providence through Your Holy Tears and True Parents's Blood, Sweat and Tears. Upon the Sacrifice of True Parents Who Shouldered the Cross, the humanity could not bear for the sake of the humanity, we now receive the unbearable (Price They Paid for the) grace of becoming BFs.

But Oh Heavenly Parent, even after receiving that grace, how much filial piety have we practiced before Heaven? How much have we wiped away True Parents's Tears? Rather, before this Reality where True Mother is Bearing the Heavy Cross Alone, we cannot even bear to lift our heads. Beloved True Mother, before the Infinitely Deep Love of Yours, Earnestly Asking us, even from a sick bed where You are not free telling us, 'Do not Pray for Me, Pray for Heaven's Will.

Our hearts break and our tears cannot be stopped. Mother we are truly sorry. Now we will shoulder Mother's Cross together. We will become true filial sons and daughters who take responsibility with our whole lives, rather than children who show filial piety only with words. Please Heaven, please raise us up anew. Please Work through us.

Especially engraving in our hearts the lessons of past history where we failed to Fulfill the responsibility of the Chosen People, please Work so that we become children who definitely practice the mission of the Epic History of the Chosen Han People of Korea that True Mother, HMH, has Earnestly Requested. Please Work.

Beloved Heavenly Parent, during this Autumn Special GWs Period, please Allow the amazing Work where Heaven and earth become one through HyoJN, HeungJN, DMN and all the AGSs in the SW being totally mobilized. Please allow it to unfold. Please Work so that the Spirits of all Attending members are resurrected. May hearts be resurrected and new hope flow in every family and Heaven's Blessing is Fulfilled. Please Work through us.

Also, please Work so that we all leaders and members, centering on the HMH, OBD, True Mother, SHS, completely become one with True Father 4PF and Inheritors of Heaven's Love and Blessing, now International Director of World Mission HQ, Moon Shin chul, and become loyal subjects and filial children who protect Heaven's Will to the end amidst any trials and hardships. Please Work through us.

Most Honorable Heavenly Parent, we will now begin the entire schedule. So, please Preside Directly over it from beginning to end. Please Work so that this Autumn GWs become the GWs of repentance, GWs of rebirth and a miracle GWs where Heaven and earth are Victorious together. Please Work through us.

Above all, what I earnestly hope and desire is that You Protect the Longevity and Good Health of our Beloved True Mother. And earnestly begging and desiring that She Return to Cheonjeonggyeong as soon as possible by grace to us of Her acknowledged innocence, acquittal and release.

I pray all these words in my name, Pang Sang Il, of a BF, gratefully Attending HMH... Aju...

ADDRESS OF DIRECTOR MOTSUYAMA KATSUMISU

from the World Mission HQ

Respected and Beloved members from around the world (He smiles) who are offering utmost devotion for Heaven's Will, Hello everyone. Welcoming this meaningful Autumn CheonBo Great Works today, I consider it a great honor to greet you on behalf of the International Director, Missionary Moon Shin chul.

First, I want to offer deep gratitude and respect to the members from all over the world who are offering utmost devotion in their respective positions with unchanging faith and love toward Heavenly Parent and True Parents, even in this truly difficult and grave hour.

Beloved brothers and sisters, today above all, I want to offer a heart of deep gratitude to Heavenly Parent and True Parents. True Mother has not stopped preparing for the future for a single moment, even amidst such difficult environments. Amidst that deep love and Providential Administration, She established Missionary Moon Shin chul as the Director of World Mission HQ, and Moon Shin heung as the Director of the Cheonshim Cultural Center.

I consider this Appointment beyond the realm of simply assigning new responsibilities for the two of them. It is a Providential start for the future that Mother has been Preparing for a long time. True Mother Who Established the two of them toward the Establishment of the Substantial Kingdom of Heaven on earth (King Mother and King Father Heaven Realm), and Who Prepared the future generations by launching the Sun Moon UPA. And I deeply reflect upon the Love and Administration of True Mother, Who Allowed them to achieve a new start as Inheritors of Heaven's Love and Blessing last year, and Who has continuously Prepared for the coming future up to this day.

Beloved brothers and sisters, how long have we waited for this time? How earnestly have we hoped for future generations to rise up to Inherit the Tradition of Providence that True Parents Established by Dedicating Their Entire Lives and Who have Substantially Fulfilled that Will in our lifetimes.

Now, we stand at a new starting point where we must Fulfill that Dream together. Of course, the reality placed before us right now is by no means easy. Above all, whenever we think of the difficulties True Mother is Experiencing, our hearts are heavy and aching (unbearably). Currently Director Moon Shin chul is concentrating his whole heart and devotion on the Work for True Mother's Protection and Safety

to bring about Her acquittal and liberation as soon as possible.

At the same time, he's deeply agonizing over how to prepare for the future that True Mother Desires, and how to open a new era together with all the members of the world.

The World Mission Director is posing a very fundamental question to us. What True Mother Earnestly Desires is precisely substantial witnessing. That does not simply mean increasing the numbers of us nor successfully hosting large events. It is about one person's life Meeting True Parents and being transformed, one family growing into a family of true love, and such families gathering to form a community that Gives Hope to the world.

Then, my brothers and sisters, ten years from now, twenty years from now, decades from now, what on earth will the people who come visiting our community see to make them come? What would they be moved by to want to know True Parents. Would it be because of excellent church buildings? Would it be because of well-prepared educational programs? Those are important, but what moves people's hearts is the image of the people they would meet here.

THE LETTER OF LOVE AND GRATITUDE TO True Parents

Most Honorable Heavenly Parent,

Beloved True Parents of HEH

We sincerely thank You for the Grace of Bestowing the Autumn 2026 CheonBo Special Great Works for the Inheritance of Heavenly Fortune, Fulfillment of Wishes and Blessing of All Things.

At this time amidst the total mobilization of the AGSs and the Subject Partner SW, Centering on the True Father 4PF of the SW and PWs and the Inheritors of Heaven's Love and Blessings Families, in the Holy Cheonseong Wanggi Palace the HJ Blessed Families and children around the world are Connected online holding the Offering Ceremony for the Inheritance of H Fortune with one heart and one mind.

Most Honorable Creator Heavenly Parent, after the fall of the human ancestors through the sorrowful Providence of Restoration through Indemnity, You Sent True Parents of HEH. However, because of human ignorance of the Providence, they could not receive True Parents and True Parents have Walked a thorny Path of people's contempt, mistreatment, snears and mockery.

Nevertheless, with the Heart of Parents, using the body of a servant, shedding Sweat for the earth, Tears for humanity and Blood for Heaven, They Achieved Victory in the Cosmic Course to Restore the Canaan. With Devotion that cuts bones and flesh, They Established the HJ Garden of Eden. And finally by being Victoriious in the Cheonon CheonBo Ceremony, They Found a Homeland and Found the Kingdom of Heaven on earth and the Kingdom of Heaven in Heaven (the King Mother and King Father Realm), which are the Ideal World of Creation, thereby Perfecting Heaven's Dream.

However, because we failed to prepare a national environment that can Attend Her, True Mother is Experiencing indescribable hardships.

Omnipotent and Omniscient Creator, Heavenly Parent, please Work. True Mother, Who Embraced all the

Indemnity Conditions like the Ocean, together with True Father, and Bore the Cross of childless birth for the rebirth of all humanity in the SW and PW, True Mother Who Inherited the Legacy after True Mother's Cosmic Ascension, resolving, 'I will definitely Fulfill the Will until the day My Life ends,' and Who Advanced without interruption, starting with the 3-year Shimeul Devotion at the Grave Site.

Now, it has become the time when You can Perfect the Providence in the Name of HMH, the Substantial Reality of the hidden Heavenly Mother, and Enjoy all the Authority of Honor and Glory. Yet, You are Bearing the Cross of Suffering even today. So, we are deeply sorry.

Nevertheless, worrying about us more than Yourself, You, True Mother, Gave us Hope Saying, 'Do not pray for Me. You must gain strength. Heavenly Parent is clearly Alive and Working. Do not lose your Center in any situation, and look through the Eyes of Faith. Heavenly Parent's Dream will definitely be Fulfilled.'

And You Requested us to forgive, love and unite and move forward tightly united. Beloved HMH, True Mother. All of us have stood here without wavering in any situation in order to Fulfill those Words. The more persecution and sorrow increased, the firmer we made our faith. And we have offered Devotion until we Received Heaven's Official Recognition.

Offering fasting devotion, bowing devotion, Hoon Dok Hae devotion and calling out name devotion, we Offered Cheon Shim Won Special Vigil Devotion, reaching this 1,682nd Session. So, please accept our Devotion, please Work!

Attending the Third Generation's Realm, the Inheritor's of Heaven's Love and Blessing Established by the Chosen Blessed Families of the 5 Oceans and 6 Continents, Director General Moon Shin chul and the President Moon Shin heung, we will make a new start, so please Bless us.

Most Honorable Creator Heavenly Parent, today, having offered all our sincerity, we Prepared the Altar and hold the HJ Offering Ceremony. So, please Be Present in this Place. Please Extend the Hand of Grace and Blessing. Please Clear Away all the shameful spirits and background of the ancestors and Bless them to be able to Work to their hearts' content for their descendants on earth.

Please Work so that we Inherit the Victorious Foundation of Cheon Il Guk Cheonil Sanctum Entrance

Ceremony. We Light the Holy Candle of All Things with Devotion and utmost sincerity that Moves Heaven every day, thereby substantially receiving Heavenly Fortune and Heavenly Blessing. We bind and offer all the devotion of today's 2026 Autumn Special Cheonshim CheonBo GWs, so please totally mobilize the AGS world so that we can become a condition for longevity, good life and health, acquittal and release of the OBD, SHS, HMH, True Mother.

Earnestly begging and desiring with a desperate heart, I offer all of this gratitude to Heaven, and all of these words in my name, Lee Gi-seong, Attending HMH.

WELCOMING ADDRESSS CO-CHAIRMAN OF KCLC SO JIN U

To everyone, I would like to offer my greetings in this way: Let us make a much more beautiful world. What don't we try holding each other's hand and say, 'Let's make a much moe beautiful world', please offer your greetings like that.

I am truly grateful to be a part of this gathering. As I pray with you, the fact that I can share my heart with you, I believe this is very meaningful.

Today, I would like to share the Bible verse, also my resolution engraved in my heart today. All of us want to live in a beautiful world, instead of hatred, forgiveness, and a world where are not in hatred or neglected or abandoned, but where everyone is respected. That's the world we want to live in.

Also, including our descendants with ourselves, we want them to live in a peaceful world. We want to create and hope for such a peaceful world for our descendants. I believe this kind of desire allows us to connect with each other's heart to make it into one. That's what I believe.

In Jesus' teaching, just as Heaven's Will is Achieved in Heaven, I hope that the Will shall be Achieved in this land. So, with an earnest hope that Heavenly Parent's Will shall be Accomplished, we have gathered here. And before Jesus was crucified, He Offered Prayer at Gethsemane. He Said, 'Father, if this is Your Will, please take this cup from me, but do not do it as My Wish but as Your Wish.'

So, Jesus Wanted Heaven's Will to be Accomplished, instead of thinking of Himself Walking the Course of Suffering. Not only that, he confessed the Will through His Prayer but also He became obedient. True

Prayer must be connected through action. So, my brothers and sisters, you also share the following Words:

'Do not worry about Me, do not pray for Me. Pray for Heavenly Parent's Will to be Accomplished, and Offer Devotion.'

By these Words, I feel She desperately Wants God's Will to be Fulfilled, instead of thinking about Herself, about Her difficulties.

CHEONSHIM WEEKLY

MC: YUN CHUN SU

Amidst persecution, there are those who look at circumstances through God's Eyes. KCLC International Chairman Laura Yong confessed her deep gratitude for knowing Mother's Life and the noble faith of Japanese missionaries... And our KCLC leaders are with us today. applause of gratitude

MC: Next story. Do you remember our proud 2nd generation singing prodigy, Miss I Ga Yon. She is a pure water who is receiving great love having won an incredible 8 awards at musical festivals just this year. Perhaps many of you remember the stroy of Miss Ka Yong's mother's terminal cancer diagnosis. Recently, it was said that an amazing miracle occurred through the power of unceasing devotion. And that led to the dream of her daughter fully blossoming, the dream for her mother Kimaya Yasuko, who overcame the threshhold of death.

HJ PRAISE - Cheonshim Choir 'Longing Towards Heaven'

PRESIDENT LEE GI-SEONG'S MESSAGE

Beloved brothers and sisters from around the world. Today, it has been the 396th day since True Mother has been Walking the Course of Suffering... We are offering the 1,682nd Cheon Shim Won Special Vigil and I'm grateful. Today, True Father 4PF and leaders from around the nation and the world have come

with BFs. And I believe the amazing Work of Heaven will unfold based on our prayers and devotions.

The 14th year of Cheon Il Guk Attending the Creator Heavenly Parent Substantially, I offer my gratitude and glory to True Parents of HEH Who Bestowed the Autumn HJ CheonBo Special GWs. I also Offer Gratitude to HyoJN, the Lord of Opening the Gate of Filial Piety and Loyalty Cheonshim in the spiritual and physical realm institute, HeungJN, the Command and Chief of H SW (and his HeungJN Workshop), DMN, the true person of loyalty who offered Her Whole Heart to Heaven and True Mother and (YoungJN, HeJN) and all AGSs, all working together in the Subject Partner SW.

In addition, I sincerely thank you Cheon Il Guk leaders and Blessed Families, who offered their utmost devotion with utmost sincerity for this GWs. Truly from far away countries you have come with a heart of longing and from Korea and Japan, they have followed their buses and have come here. And also in this Place the KCLC leaders are also with us, and they also put up their own booth and were harmonizing with many people, sharing their love. And truly I saw them becoming one with our members. And I'm grateful for that.

If you have a chance, please visit them and encourage them, and I hope you have a time to enjoy with them. And Co-Chairman So Jin U, in order to create a beautiful world, he shared an important message, and Jesus, in order to Fulfill Heaven's Will, Jesus Walked the Path of Crucifixion. And also, our True Mother, for Heaven's Will to be Accomplished, She Wanted us to Pray. That's what our Brother So Jin U has shared.

Because people praise the Lord can add one more person every day that can be saved. And our great Accomplishments with HMH will be praised by all people, and more and more people will come to us. I believe that day will come soon. And also, Laura Yong in last week's testimony. She shared her testimony and gave her report. And with a word to give us great strength, 'You're not alone in this tunnel, the Light is awaiting for us. So with co-workers for the release of True Mother, let us work together'. That's the resolution she made.

And she also shared about the 7,000 who did not surrender themselves to the bow. So, if KCLC is praying with us, I believe all the spirits of the Christianity will cooperate with us, and we will see greater Word unfolding before us.

At Pyeonyeongchande Church, after Mark's Upper Room, it was one of the greatest Works of the Holy Spirit, and I believe that the Substantial Works of the HS will spread throughout the world. In order you together with us all make this our Center, and I hope you add Devotion upon Devotion.

Today, Kimuha Yatsuko, she almost went to the SW. By her earnest love toward her daughter she thought, 'Only when I live can my daughter live.' With that conviction, with that heart, she pushed herself forward. Also, her daughter also was thinking that she must offer her song to her mother. And all the Taegu Church members gathered their hearts' prayer and devotion. And eventually, that was brought to fruition.

And you saw the mother on this stage, 'As we gathered the hyojeong together, as we became one, the miracle occurred.' applause No matter what kind of difficulties you face, Cheon Shim Won Devotion will never fall to the ground. Because we offer prayer and devotion that way, I believe the fruition was made. So, it was truly a beautiful report.

Cheon Shim Won revives us. Cheon Shim Won saves us. Cheon Shim Won is our Hope. Cheon Shim Won is the Greatest Gift that we never received before. Cheon Shim Won... When you cannot resolve a problem, when you earnestly offer prayer, you can resolve any problem. That's why Cheon Shim Won is called, 'The key to resolve any problem'. Cheon Shim Won is truly a HQ of Devotion where Heaven is Working. I hope you remember this, and all the members around the world, I hope you offer Cheon Shim Won devotion without stopping as your move forward.

The GWs began in 2004 under the name of 'Special Great Works for the Inheritors of Heavenly Fortune and Fulfillment of Wishes'. That's why we have written down the Wish Papers.

In the past, True Parents Told us that we shouldn't pray for ourself. So, for a long time, we didn't pray for ourself, but only for Heaven's Providence. That's what we have been doing. But because we have the Spiritual Foundation now in the SW, True Parents Allowed us to write down the specific wishes, and that's why Heaven will Work. We were Given the Special Grace to write the papers, under the Name with H Fortune with Fulfillment of Wishes, so that when you pray specifically you will be answered.

For this Purpose, it is a GW that totally can mobilize the Causal Foundation of the Victorious True Parents of humanity. We must Achieve a Reciprocal Standard on earth as well (as True Parents Standard).

Therefore, True Mother Told us, 'All BFs must without fail, register for the GWs 4 time a year and inherit Heavenly Fortune.

True Father Said: 'When I go to the SW, it is total mobilization because I have set the order, now I'm Setting Heaven in Order. I am Telling a Dream-like Story, but it is the Truth.

And also, He Said, 'It must become a Great, Great, Great, Great Works.' Therefore, how much would He push forward in the SW for the GWs that occurred 4 times a year after Father's Cosmic Seonghwa? That is why when He went to the SW, He Requested, 'What will I do when I go to the SW? You must without fail become one on earth and become completely united with True Parents.'

These are the Words True Parents have Said. And it is Written in Chambumo gyeong. We must be completely united with True Parents and become one like that. That is what we must do. Aju?

If that is the case, this GWs is truly the moment when we can show the greatest accomplishments. True Father is Working, True Mother in the PW Offering Prayer and Devotion for this GW. Knowing this face about Offering Prayer and Devotion, if we become one, we will be able to receive greater Work of Heaven unfolding.

So, last year, September 22nd during the Autumn GWs, right beforehand, when we went to Meet True Mother, She Asked, 'Is the Autumn GWs being Prepared well?' As a result, centering on True Father 4PF and Inheritors and Cheon Il Guk leaders and BFs and mobilizing the SW and PW to be one, we were invested in registering over 120,000 people, a number we had never surpassed before.

And last year's Autumn GWs, following that, the past 2026 Winter GW's surpassed 144,000 people, and the past Spring GWs 2026 surpassed 150,000 and the past Summer GWs, we surpassed 155,000. And for this 2026 Autumn GWs 151,068 people have registered so far. In H Japan despite the fact that they are in a most difficult state where their churches have been dissolved, they have set a new record of 88,159 members registered applause

If H Korea worked a little more, they would have had a greater number that last time, but they had 29,000 - and internationally 36,009 people have registered. Asia, more than 1,400, Europe more than 50,000 and Africa both East and West, 11,024 and North America 4,053 and South America about more than 8,000

and Taiwon 1,298...

So, as leaders around the world became one in heart to set a victorious standard, I'm grateful for that. Currently, our church is passing through the most difficult time in Providential history. Nevertheless, the achievements are becoming greater.
