MOST HONORABLE Heavenly Parent

VICTORIOUS True Parents of HEH

On the 14th day of the 9th Heavenly month of the H Calendar, Solar Calendar October 24, 2026, as the seasons change, its close and the coolness of Augumn is truly felt, we offer our heartfelt gratitude for being able to Offer the 2nd Cheon Shim Won Vigil Devotion of the October Autumn GWs.

On this day which marks the 398th day of True Mother's Suffering, our disloyal and unfilial acts of failing to protect Mother, with any words remaining unforgettable memory before history along with our wish to erase it. Still, with a Pain that cannot be comforted, You Worried about us, and brought Great Grace and Blessing upon us through this Immense Great Works, we come to feel that the Love is the Blood and Tears of True Parents Who Daily Risked Their Lives to Find and Establish the Complete Release (from the Suffering of fallen history) of Heavenly Parent's and Heavenly Parent's Children.

Without forgetting that, please Permit this Immense Grace to Spread not only to us but to all humankind whom True Parents Love. In these present days where one day is like a thousand years, how desperate must HPs have been to bring forth liberation from the Suffering even for a single day.

What a precious time this is when the entire world can cry out with one voice 'Holy Mother Han'. HMH, True Mother, You Told us that the fight is not over yet. So, let us prepare for what is next. The prayer and Devotion Offered at Cheon Shim Won will leave nothing impossible. And this Prayer will become a steadfast next step that will not collapse even before the next surging wave.

Inheriting Heavenly Parent's Heart, let us Possess H's Wisdom, Strength and Courage to become those equipped with the Greatest Capabilities in each field because we are a Dream and Hope to humankind, please Permit us witness to those who are like orphans who have lost their (True) Parents, bringing them into the Embrace of the Living Heavenly Parent and Showing the Living True Parents's Embrace before the world.

Ahead is the Day of True Children, we now become children who know how to shoulder the Cosmic Providence Walked by Holy Mother Han. Through this GWs, with the Power of the Hearts of Hyo Jeong, we will pioneer on our own. Heavenly Parent, please Call competent, righteous people to assist, centering on the Inheritor Families of Moon Shin chul and Moon Shin Heung.

And upon the Foundation where the discord we hold is completely cleared away. Permit us to advance completely united into one. At this time, when Father, HyoJN, HeungJN and DMN (and YoungJN and

HeJN) and all the AGSs are gathered here, let this become a Prayer that Opens the Door, and earnest Prayer that even the satan could not help but be moved by.

Please let us pray earnestly and desperately so that Heaven cannot help but grant it, earnestly desiring that today becomes the day that You, Heavenly Parent most Longed For, Your most Cherished Dream. And Yearning for the day when HMH, True Mother's absolute release and eternal health, I pray in my name, Qwon Chon Min, a child of a BCF gratefully Attending HMH, Aju.

True Mother SPEAKS TO THE YEONGSEONG trainees

'This is the time I have been waiting such a long time for...

Like looking for a tiny needle in a sandstorm when not being able to even open My Eyes, that was the Heart with which I Searched for you. You've heard Me Say this before, haven't you? And who is that small needle? It is the children who can truly become one with the Only Begotten Daughter, True Mother.

During this 40-Day Workshop, have you thought about how our Heavenly Parent must have Felt? (Ye!) How much Joy? How much gratitude? (Ye!)

Today, you are truly Blessed children. You were born as 2nd and 3rd generation through your parents. You are the Direct Lineage of the True Parents. Do you understand?

Because you were born without any connection to the fall, your parents are the true parents themselves. I love the 1st, 2nd, 3rd and 4th generations eternally.

testimony: True Mother Calls you Her Direct children. If we are direct children, can we remain still, while our Parents walk the path of persecution? I came to realize that this life is not about doing what I want, but about living centering on Heavenly Parent. True Mother has been searching for us for so long. Now, we must become children who bring Her Joy and Happiness.

Especially you, the young people in the spirituality Workshop, you must become one with the SW and remove anything that hinders the completion of Cheon Il Guk. You already know what that means. Through your devotion at Cheon Shim Won, pure water must flow towards a greater world.

Just as many drops form a river that flows into the vast sea, you must give everything until this world becomes one human family under Heavenly Parent. You may be only one thousand now, but raise ten, even a hundred times more pure waters like yourselves, so that while HM, Wang Omma is still on earth, you can all gather together as beautiful and filial sons and daughters before Heavenly Parent. That is what I long to see.

Seeing you face to Face, gives Me Strength.

PROGRESS REPORT - The Pure Water Spirituality Workshop

which is done along with the GWs - KIM JU WON reporting :

First day is the 2nd gen meeting, 2nd day is the meeting by each 5th and 3rd Yeongseong and so on...

True Mother, after the Victorious Vision 2020 Said that She is going to Create Cheon Shim Won, and through this Word She had Given us a Heavenly Order. Through Cheon Shim Won we have to foster/nurture leaders who can understand the Heart of True Parents and Create a 3 generations' Gate of Protection. From Cheon Shim Won, we have to foster children who have pure hearts, children who go together with Heaven as one.

And so, with this Word, centering on True Mother, and with True Father's Words from the Spiritual World as well, the spirituality Workshop trainees have come, and through this there have been a lot of pure water youth that have been fostered. So, centering on this Word, from Heavenly Korea and Japan, about 2,468 trainees have accomplished this Workshop. And then, with the 3rd International Yeongseong Workshop (# of trainees) and then from this year, the Seonghwa Youth Students Spirituality Yeongseong Workshop First and Second was held with 105 and from H Japan 56... and True Mother Said this has to spread to the entire world.

And from H Asia Pacific, 220 and in H North America, from the 1st to the 5th Yeongseong 88, from H Europe and Middle East, 335, and H Africa East Branch Spirituality Workshop 40-Day from 1st to 4th, 204 and from South H Africa Branch from 1st to 5th, 214, from H Central and South America from 1st and 2nd 40-Day Workshop 371...

So, in that way, from Korea there were 1,233 and Japan 1,169 and internationally 2,073... So, in total 4,475 were victorious through True Parents's and Heavenly Parent's Love applause

As in the VIDEO just now, True Mother Said to become one with the spirit world and realy clean all the things that hinder the accomplishment of Cheon Il Guk. And how to organize this is something you know through the Devotion of Cheon Shim Won and we can work so that the SW will move.

And just like this, so that True Father can Work and the SW can Work and to keep on like that, we can accomplish TYVM

VIDEO highlights of the Spirituality Workshop

PL: As the hardships increase, it means that the end is coming near. And even is we are having a hard time right now, we have to have hope. The small needle is everyone who has come here during the GWs needs to have conviction that they are that needle and then H's Will can be realized on earth.

Moshim, Youth WSs and other WSs... True Mother's Words, Especially you youth who attend the Spirituality Workshop and become one with the AGSW and overcome everything that hinders realizaton of Cheon Il Guk. Through the Cheon Shim Won Devotion, you have to make it so that the SW will Work.

The small needle is the (precious ones) who can become one with True Mother.

True Mother has been receiving Persecution. She has Proclaimed that She is the OBD, and not we need to truly Proclaim that as the 2nd and 3rd generation creating a big wave.

We are going to proclaim in front of the world confidently, 'I am the Direct child of HMH, True Mother.

Please look at True Mother the Way She Is, Her Heart toward the world. Please feel that with us.

I from now on, just like the Love True Mother has Shown us, I will show this love to my family, to my neighbors and to this world.

Just a year ago, I never imagined that I would attend church again, but now I am giving Praises and Offering Testimony before Mother. I am wanting to share the grace I received in the Workshop.

Actually, from 4th grade in elementary school from 1st grade in Middle School, for 6 years, I lived as a dormant Seonghwa student. I was teased for being a mixed Japanese descent, and I was bullied because I believed in the FF. Due to these things, I came to suffer from depression and hope for life also disappeared.

PRESIDENT LEE GI-SEONG'S MESSAGE

It's the 397th day of Mother's Detention, and it's the 1,683rd Cheon Shim Won Vigil Devotion. And this Autumn GWs has been victorious with about 150,000 registered. And H Japan exceeded their # of registrants... 88,000 compared to last years' 70,000... And internationally 37,000 (21,000 more than last year) applause and about 30,000 more overall registered this year more than last year...

There were about 14 food booths this time (with about 60 types of food), one booth just giving apples out, and from HJ, free rice crackers as well... and Ilhwa Company also gave out free drinks... I believe that next year there will be more booths giving out free food as an expression of true love. And I hope for a booth where we give persimmons and jujube for free as well. But, even if it's small, even if it's just a single chestnut, I hope this Autumn Great Works becomes a Festival of sharing and giving. Then I believe Heaven will Bestow more grace.

Also, we had given free tickets to the Gapyeong Cruise and the Begonia Bird Garden. I believe that, if we continue this, next year's Autumn Great Works will become a bigger Festival. On Saturday and Sunday, it's actually days when we don't have Special Vigil Devotion, but in the TC, without skipping any days, even Saturday and Sunday night, these Spirituality and Attendance Workshop trainees offer Prayers as if in a war.

And now, may we inherit their heart for Devotion as well. The fact that we are here with them, starting anew with them as well, I believe that if you have the heart of offering Devotion with them, then their Devotion will be Connected to you as well.

The Title today 'Pure Water's Spirituality Workshop Devotion' Our 2nd generation have been born without relation to the fall, and True Mother, True Parents have Told us that they are the direct children of True Parents. However, because the environment is still fallen, there are a lot of wounds and stains on us... but when 2nd gen come here, they can heal and remove those stains and they can come to resonate with Heaven much more quickly than others...
