OPENING PRAYER OF GRATITUDE:

MOST HONORABLE Heavenly Parent

BELOVED True Parents of HEH

Tonight again, with an unchanging shimjeong, we the Chosen Han People BFs who miss and Long For Mother have gathered here as one, here at the World Jeongseong HQ.

Under Your Great Grace, Heavenly Parent, You have Allowed us to Offer this Special Cheon Shim Won Vigil Devotion. From the bottom of our hearts we thank You for this Grace.

Our True Parents Whom we always miss and Long to see, already 401 days have passed since we had to let Mother enter the DC, our Mother Who once gazed at the full Moon Longing For Father. Now it is we who are calling on all of Heaven and earth, longing for our Mother with all our heart, please we pray for Her Return and Glory at Cheonjung Gung as soon as possible.

This Vigil Devotion has now been Victorious through two full rounds of GWs, and tonight we have reached the 1,685th Session. So, now we are believing that Mother will surely receive acquittal and release. So, Heavenly Parent, please be with us from the very moment we begin and ansu our bodies to drive out every dark energy, so that our cheonshim may be a time of Devotion for Mother, holding nothing in our hearts but a Shimjeong of Longing. This we earnestly pray and long for.

If there are brothers and sisters here for the very first time, please Embrace them with Your Boundless Love. If there are any whose faith is weak, please Work so that they may inherit a victorious faith through the testimonies.

As we lift our Praise Filled with Aching Longing, please Allow us to Resonate with HyoJN's Heart and if any here are worn out from a difficult time, we earnestly hope that they may find a Victorious Hyo Jeong Report tonight.

And within the hearts of our Elder brothers and sister who without fail always gather their Devotion together with us, we will all rise up once again. So, may Heaven be Present here and may Father Work among us and gather our shimjeong and longing (to Meet with His own Greatest Wish that Is our Holy Mother's Greatest Wish, that Is Your own Greatest Wish)

I Offer all these words with Gratitude in my name, YU SU HOON, of a BCF in Grateful Attendance to Holy Mother Han. Aju.

TESTIMONY -

Name :.....

(sister) Cheon Shim Won Academy trainee

(bows and gratitude and greeting)

eldest daughter with Botchu Church and Blessed parents... serving in the 13th Class of the Cheonshim Spiritual Academy.

When I was little I loved going to church, but not because of faith. I wanted to go because I loved spending time with my 2nd generation friends. My family was not a happy one, so those hours at church were the only time I felt I could breathe. I grew up with a mother of deep faith and a father who was far from faith.

After he received the Blessing, my father attended church until I was in kindergarten. After that, he came only for church Events and only because my mother urged him to. He would speak critically about the church and opposed the church activities that my mother was doing. Beyond their values and faith, they also sought money very differently. So, they fought a lot.

Whenever conflict broke out at home, or whenever things didn't go his way, my father would often lash out at our family with harsh words and violence. Watching my parents like that, I felt that our home was a living hell. Resentment toward the Marriage Blessing grew in my heart like a shadow. I promised myself that when I grew up I would never, ever get married.

As I became an adult, I naturally began to drift away from the church, but every time, my 2nd generation friends and my church leader would bring me back. Even after I graduated from university and started working, I kept a faith that was only a formality of showing up at church every week.

Then, some of my close 2nd generation friends attended the Spirituality Workshop. I watched their heart come back to life. Naturally, a desire began to grow in me. Some day, if I get the chance, I want to attend

the Spirituality Workshop. Then suddenly, my father and my maternal grandmother Seonghwa'd one right after the other. Neither of them had any illness, so that hit me even harder.

With what I went through in that season, I began to ask myself, 'Does the spirit world really exist?' So, I quit my job. As soon as my grandmother's seonghwa was over, I joined the 21st Spirituality Workshop. On my very first day, at the intensive prayer meeting, I heard the Words, 'If you do not believe, you cannot receive Grace.' Those Words went deep into my heart because I had been living my faith half believing and half doubting.

From that day on, even when something didn't sit right with me, I told myself that these 40 days are the only time I've been given and I must believe and step forward. With that heart, I gave myself to the Workshop. As I did, questions would come up. I would pray about them to Heavenly Parent at Cheon Shim Won. The very next day, the answer would come to me through the lecture, and by that, I could truly feel that Heavenly Parent Exists.

During the Workshop, I felt so much true love, a love I had never felt outside in society. All my life I had felt unloved and empty inside. But there at Workshop I received the love of brothers and sisters and my fellow participants. From Heavenly Parent I could receive the Love I had never felt from my parents. It felt like emptiness was being filled to overflowing, and I didn't want the Workshop to be over at the end.

I was afraid that, if I just went home, I would forget all the Grace I had received. I didn't want a faith to practice because someone told me to. I wanted a faith truly my own. So, I joined the 9th Moshim Workshop, which started just 3 days later. It felt like a brand new opportunity that had come to me. There were so many chances to put into practice the Grace I had received.

However, during the volunteer activities and the sharing of heart, I came face to face with my fallen nature again and again. Whenever I saw someone's shortcomings, I would judge them by high standards and hold complaints in my heart.

With the Moshim Workshop, I should have gone to the lowest place and Attended others as I would have Attended Heavenly Parent and True Parents. But I could see that I wasn't doing that. Then one day, one of the participants came up to me and said, 'Jun Hweh, I'm sorry you're always the one doing all the hard work.' Looking at that participant I realized that I didn't have the heart of attending others. So, from that

day on, I gave myself service with the heart of living for others even more.

During the 10th Moshim Workshop that followed, whenever I had a spare moment, I read True Mother's Memoir and HD, longing to resonate with True Mother's Heart. As I read, I could feel True Mother's Love. I could feel that, even now, for Heavenly Parent's Will and Liberation, She is Loving Her children with Her very Life on the line.

Before, I couldn't feel True Mother deeply, but through HD, True Mother became my Mother of Love. Now, whenever I see True Mother, a Desire wells up in me on its own to live for Her more, to serve True Parents with a heart full of Hyo Jeong. It wasn't only my shimjeong toward True Mother that changed.

Through the Moshim Workshop, something good happened inside me too. The heart that hated people, a heart that I had carried since my childhood at home, became a heart that forgives. Before, if someone didn't fit with me even a little, I would easily start to resent them. But I came to see that everyone has their own story and their own circumstances. I found myself naturally understanding them.

Most of all, I had held so much resentment toward my parents, but I was finally able to lay it down. I became so grateful to my mother that even in such a hard circumstance, she never gave up on our family. She kept on with her responsibility as a mother and kept her Faith. I was able to come to this heart thanks to the participants I met at the Moshim Workshop. So, I would like to take this chance to say my gratitude to my fellow trainees and to our coordinators at the 9th Moshim Workshop.

After completing the Workshop I wanted to live with a heart of serving True Parents's Will even more. For that, I needed to grow beyond my shortcomings and become someone who can truly help the Providence. So, I made the decision to join the class of the 13th Spirituality Academy.

Right now, at the Academy, I'm serving on the Special Workshop Team in charge of Cheonyujon and Hyojinjon. We often cannot even sleep properly, but as I watched my teammates sacrifice and serve with a pioneering spirit, I feel that I want to give back the Grace I received before my teammates and all my brothers and sisters who come to Cheonyujon and Hyojinjon.

I hope that through us, the Workshop at Cheonyujon and Hyojinjon will flourish more and more. My body gets tired, but as I go with a heart of living for others, I actually feel strength rising up within me.

From now on, with a Shimjeong of Attendance, I will go forward more and more. I will become a child who receives the Love of HPs and True Parents. TYSM for listening to my humble testimony. (She bows again to True Parents and to the audience)

HJ PRAISE - Cheonshim Choir 'The Sun Will Rise Again'

HJ REPORT - Director KIM JU WON of the Cheon Shim Won Secretariat

The 24th Yeongseong 40-day Workshop

(through the revival of the pure water youth, I truly believe the sun will rise again, our family will rise again...)

(bows and greetings)

Respected Cheon Il Guk Leaders and Blessed Families,

... This Great Works we saw an amazing and profound scene. From the Office to the Tree of Love, I could... At the Square of the Tree of Love, in 2017 when I first began working here, for ten years, I have participated in 40 of the GWs. However, this was the first time that so many youth at gathered at the TC. Of course, there were several times when they came because there were youth events, but this time they came for True Mother, to Offer deep Prayer and Devotion.

The fact that we have a lot of active youth in our church now, I believe is a hopeful chance for the future. In 2017, through the Osaka Event Rally, through a dream, I met True Father and Father Gave this Message to me:

"I am finding in the SW who Resonates and Understands Mother's Heart. I am finding youth. And you need to spread this Word."

At that time we didn't have many youth. Those who participated in 40-day were always mostly sick and troubled people, those who didn't have faith, those who didn't have problems were only a handful of the people. However, True Father, through His Endless Work until now, we are able to see the youth who Resonate deeply with the Shimjeong of True Mother, and the youth who Offered Devotion and Prayers for our True Mother, we are able to see that is because of True Father's Devotion.

And tonight, the title of the HJ Report is: Tongshimeh mansingul - A pure hearted One

I would like to give a deeper explanation of this title. The 24th Yeongseong Workshop trainees, there were so many grateful things. And the first day of the Workshop was the 2nd day of the Summer GWs, and since then, we Offered sincere Devotion and Special Devotion for the first-instance sentence of True Mother.

And the standard of the 24th Workshop trainees went up to the highest level from the beginning. More than any begore, it was a Workshop filled with Grace VIDEO (that really shows the Resonance Prayer and Devotion Spirit)

There might have been people without a lot of faith or a lot of thought and there might be trainees who were dormant. However, the very first day. Together with the trainees and 1,000 of our Yeongseong graduates gathered sincerely for Mother and I believe they were swept by the atmosphere. From the very beginning, there was devotion of the highest level, and they were able to resonate.

And True Mother Gave these Words during the Inauguration of the President of Cheon Shim Won:

'Cheon Shim Won must become the HQ of Jeongseong, the HQ of Spiritual Providence, the HQ of Spiritual Development and the HQ where Heaven Works, and a Place of Cheonshim Training. For this we must make a Perfect Foundation of Jeongseong. And upon this Foundation, Carry Out All Spiritual Providence.'

These Words of True Mother I truly believe is being Manifested in this 40-Day Yeongseong Workshop. Our members, what do you think our Cheon Shim Won is? Do you think it's a Prayer Hall. Do you think it's a Place where the Portraits of HyoJN, HeungJN, DMN and True Parents are? Or, Who do you think is

Guiding and Leading the Yeongseong Workshop?

Up until now, when I see and analyze the Grace of the trainees, it's not a specific Workshop Program or a Lecture, but through the Devotion, they were able to hear the Voice of True Father and Resonated with the Father, and be able to Understand the Heart of True Mother. They are, on their own, Resonating with an Ownership, where they resolve themselves.

And our staff as well... It is not we who are educating. It is really True Father Who is Leading and Working through this Workshop. We believe such a thing. As we coordinate this Workshop, do you believe this. (applause... I'm applauding) TYVM

But it's not about belief and unbelief when we analyze deeply the testimonies that are not possible except by the Works of True Father. There are constant things that cannot be done except by True Father's Works. And in the 23rd Batch, a total of 2,334 Workshop trainees constantly crying out and earnestly praying in Devotions Offered for True Father and True Mother, and upon that Foundation, we are able to see another level. Here's a sketch VIDEO

reflection: I joined the Workshop because I wanted to be a child whose (shimjeong) never changes before Heaven and I became certain that I was Called here to become one with True Mother.

reflection of 3 sisters: I had thought that I was the only one trying so desperately, but it was Heavenly Parent Crying out so desperately for the children, crying out their names one by one so that (we could be found to come home)

True Father's Words in the video: If I were young, I would have been even bolder. If I were young, I would have made an even greater impact on the world. Please let the red life of love explode in the burning hearts of your young children gathered here.

Don't young people walk faster than old people. Your energy, your hyojeong toward Heaven. This is the way to save the 7.4 billion people of the world. If that isn't a Guiding Light, then what is?

testimony: As a minister serving on the front line and as someone who has received the Spirituality

Workshop, I am still lacking, but I have resolved to become a bridge of peace, so that the Frontline Chung Pyung and Cheon Shim Won can become completely One, Centered on HMH, our True Mother.

If we truly resonate with the Heavenly World as our Subject Partner and move toward Unification, one step and two steps, then no matter what judgment comes tomorrow, our Faith will only grow stronger, and when our Faith grows stronger, the Day of Victory will surely draw near. So, what we must do before the final hearing is that my heart must become completely absolutely One with HMH. Let us set that as our goal and become completely One.

Holy Mother Han in me and me in Holy Mother Han. Me in True Father and True Father in me. Let me enter that Place. Let us Offer Prayers that Move the very Throne of Heaven. From now on, we truly repent of the days gone by. We will never again turn away from True Mother.

With hearts resolved to Attend True Mother and Walk with Her, we will go forward for True Mother alone. With the burning passion of the Summer Great Works, the Spirituality Workshop began. Because of this, as you have seen, they were passionately Offering Prayers and Devotion.

BREAK and BUSKING

Hoon Dok Hae

All perfection begins with true love. We must train ourselves by applying this formula.

All this time, God has been Searching for the Mother. God has no Object Partner. God is a Subject Partner with Masculine Characteristics so there must be an Object Partner. The Feminine Characteristics, 'She', is God's Object Partner. And at the same time She is the Queen of this earth, the Queen of the Tribal

King and the Queen of the Family King. That is why She Stands in the Place of your GrandMother, your Mother, your Wife and your Daughter

That is Who the Mother Is. She becomes the Queen of the Kingdom of Heaven and the Queen of this Nation. And then She Becomes the Grandmother of your ancestral line, your wife and your daughter. All of this together is the Value of Mother.

Have you ever heard anyone say they believe in a family. If you ask Christians who they believe in, they say, 'I believe in Jesus.' They do not say they believe in Jesus' family. Ask Buddhists, 'Who do you believe in?' They will say they believe in Buddha.' They will not say they believe in the Buddha's Family.

From now on a Religion of the Family Savior must emerge. That is True Parentism. That is the Religion of True Parents, and the Religion of True Parents is the Religion lived out in daily life centered on True Parents that Builds a 4-Position Foundation. When that happens, Father's and Mothers become the Saviors of their own sons and daughters.

If we look at the Book of Revelation in the Bible, it speaks of the Work of Restoration... That is why the Bible is so Great, because this Principle of Restoration Exists. The Content of Restoration was Placed in the very last Chapter of the Bible.

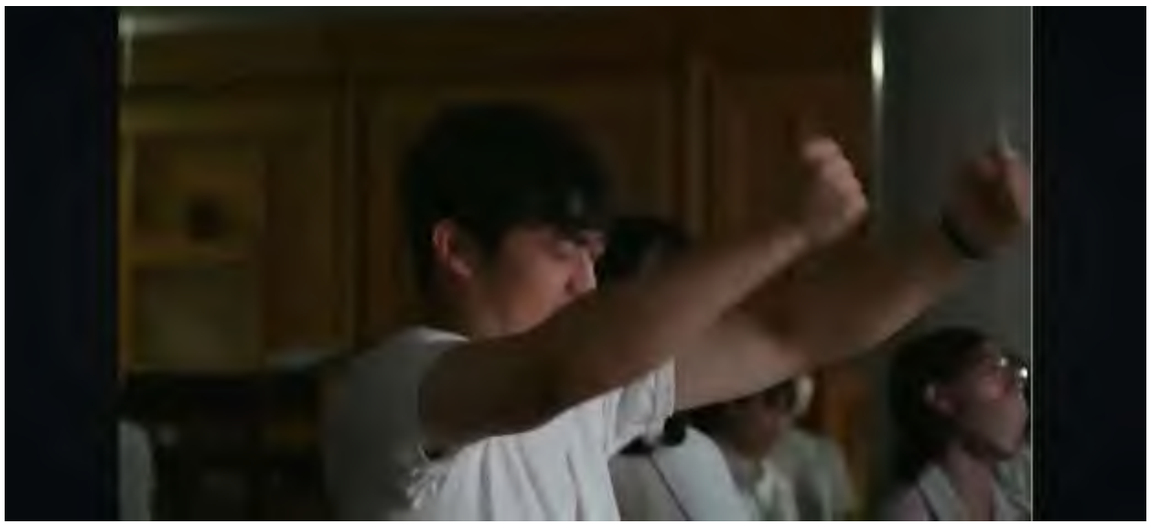

In Revelation it is Written, 'And the Spirit and the Bride Say, 'Come!' and let him that heareth say, 'Come!' and whoever will, let him take the Water of Life freely.'

Do you understand what the Bride and the Spirit are? The Bride is the Wife of the Lord, and the Holy Spirit is Spiritual. So, from these Two a Bride Who Unites Spirit and Body must come forth. Jesus, as the Father of Humankind is a Man, so He must Find a Mother among women, and Together They must Save humanity and begin a New World.

John 3:16 Says, 'For God so Loved the world that God gave God's Only Begotten Son.' It doesn't say that God so Loved American or any one denomination that God Gave His OBD. God Gave Him for the world, not for the Baptists, not for the Presbyterians. That is what I Teach you so clearly. And that is why I will not fall. The Unification Church will not fall because God Protects it.

All Perfection Begins with True Love. The whole world must Center on True Love, Apply this formula and train in it. It must become such a habit that you cannot live any other way. Wherever you go in the world, you must live like this. When you meet an elderly man or an elderly woman, love them as your own grandfather and your own grandmother, and every parent as your own father or mother, your spouse, true love (her as all wives would as your own wife or husband your sons and daughter and those of your own age, love as your brothers and sisters (as you would in your own family) This must become a habit and you must find joy in it. Aju.

HJ PRAISE - Cheonshim Choir 'Let Us Return to True Parents'

PRESIDENT LEE GI-SEONG'S MESSAGE

This marks the 400th day of True Mother's trial and Suffering. In this 1,685th Cheon Shim Won Special Vigil Devotion

(We heard the testimony of our sister) And just coming here to do prayer and devotion before True Mother's trial and judgment, she received immense grace right away. And whenever she has questions, she will receive the answers through the prayers or the lectures right away. Everyone, if you have things that are unresolved, please pray in Cheon Shim Won. You will receive the answers.

These are the Words True Mother has Given us. In fact, each and every one of us should experience such things, especially the leaders who are gathered here. Those in pastoral office should really receive the answers from Cheon Shim Won, which is True Father's Office.

With a heart of Offering Sincere Devotion, what would happen? You need to experience what kind of communication or communion you can have with the SW. If we go forward with that, I truly believe our church will. (So, depending on our attitude, Heaven will Work) We need to have our Heavenly Subject Partner in the SW be the Center. When we rely on our own wisdom or our own thought is when it could be originating from a wrong spirit source (a dark or resentment influence)

So, the fact that our sister Park Joon-Hye participated in this Yeongseong Workshop, and through the Words and through Prayers, she was able to receive the answers right away, this testimony is such important reflection. There are people who do not receive answers from the Heavenly Spirit World, even though they went through a life of faith for ten years. So, there are instances where they will drift away from the faith and go to a different path if there's difficulty within the church.

But the attitude of participating (in the Workshop, in the Cheon Shim Won) resolving to have absolute faith, she confessed that those things she had questions about, she was able to receive the answers the next day, through the lectures or in the prayers... (questions about love)... It became a period where she could experience the love of her (physical) parents also, and deeply experience the brotherly and sisterly love. Still, some participants may be glad when their 40-days period is over and just go back, but for her she did not want it to end.

She also did not want the grace she received to be forgotten, so to retain this grace and really have the ownership of her faith, she resolved to join the Moshim Workshop. So this Moshim Workshop is not only about Attending Heavenly Parent and True Parents, but we need to Attend our brothers and sisters, and with the heart of Moshim.

She met a lot of people that it was difficult for her to attend, but she saw that she was looking at their lacking appearance with such high judging standards. And she recognized her fallen nature by seeing she was having complaints in her heart. So, those who are actively practicing, it is important for us to face our own fallen

As Apostle Paul has said, because of his heart following the law of sin, I am such a person in despair. For him to overcome that, he offered fasting. The fact that, in that kind of position, he cannot be the true child of God, but only in the position of the adopted child.

However that adopted-child realm is still the realm of Christianity's battle, but we have overcome that battle. We need to go to the Cheon Shim Won here, we need to become one with Cheonshim. That is our assignment and our goal. In the process of this practicing and training, when we face our own fallen nature. It is really important for us to do so.

We are able to realize through the Moshim Workshop and through the grace received by volunteer works,

how this fallen nature is a process of reciprocation with the dark spirits. She realized that there is such grace in offering prayers for others.

With the heart really of living for the sake of others, that life is so grace-filled. And thinking about True Mother and reading True Mother's HD Words and Memoir, she could reach a state of resonance deeply with True Mother's Shimjeong heart. As she did that, her heart of resentment toward any people, also toward her parents, was melted away. She could realize what the heart of Attendance really is.

Then, Vice Director Yokoi Toyaki said to me to sign the paper that made it available for him to attend the Moshim Workshop. After that Attendance, he opened the gates of the Japan Yeongseong 3-day Workshop. And now we were able to see 8,700 people participating. And the 15th Workshop will start November 3rd to the 5th. And currently, 800 people have registered in the 16th Workshop, and Nov. 17-19th 819 have registered.

Only in November alone, 1,609 people registered, and be prepared for this Cheonsungwanggi Palace to be completely filled with Japan participants in 3-day Workshop as well as Cheon Shim Won attendants. And in that atmosphere, there can be great Works of miracles and grace.

Yesterday, Jonathon, a brother from France, participated in the Yeongseong Workshop. Even in just 3 days, such difficult pain in his body was able to be so restored. He is actually the son-in-law of Kim Sun-an, who is a pastor in Gimcheon. He was so grateful that this could happen so quickly. But I believe these things are possible because of the Devotion we have accumulated.

There was a sister who became blind in one eye, and that vision was restored after sincere devotion of just 3 days. And the brother Jonathon, nobody actually offered answers for him, but because of the prayers and devotions we are offering and because of the amazing era we are living in, such things are happening.

With her precious heart of wanting to continue on and make a habit of her faith and love, and for doing more volunteer work, she then joined the 13th Class of the Yeongseong Academy. For those answers for how to be practicing and training a life of attending, we need to receive the Blessing and do public works and art works in the field. That is how our BFs and 2nd generations become the leaders and owners of Cheon Il Guk in the field.

I truly hope...

And the Essence of tonight's HD Words 'All Perfection Begins with True Love'. The whole world must center on True Love. Apply this Formula and train in it. It must become such a habit that you cannot live any other way. Wherever you go in the world, you must live like this.

The Academy is training the participants for this to become their habit. It doesn't end just with the Yeongseong Workshop, but through such intellectual realizations and getting answers to understand, but the Moshim Workshop is where you go deeply into the way of life with practice and the 6-month period of the Yeongseong Academy is the training period for making that (true-love way of) life a habit with a heart of gratitude to Heavenly Parent and True Parents and the Heavenly Spirit World as her Subject Partner, through her process with sincere Devotion and Communicating with the HSW as she moved forward, I truly believe she will be granted Heavenly Parent's profound grace in this era.

I believe she and those pure waters were able to participate in the Yeongseong Workshop will be so graced, and October 22, Father Said this Message:

In the SW, the Person Who is most Beautifully Shining, do you know Who that is. (Besides True Parents) It is those children, you, who are participating in the Cheon Shim Won Vigil Devotion. In the SW, they can see everything. So, when they look at you, you are shining so brightly that they can't open their eyes.

If you offer sincere Devotion and with more and more effort, that person will radiate two and three times more than the person next to them. That is who the AGSs will support. The AGSs will make it possible for all of the prayers you are praying to be possible. And they will support you, because looking at you who also know the Will of Heaven, how AGSs are also sharing and dancing. These are my descendants who are offering devotion together. We have such great descendants (the ancestors or the AGSs are saying)

AGSs are looking at you who are moving forward for the Will and in the SW, they are also offering sincere Devotion and are only moving more forward for the Will. Those who say, 'This is enough' and those who say, 'I will offer Devotion until the day I die.' That degree of Devotion and the depth of their prayers' and sincerity are different.

I truly hope that you will Offer a Radiating Devotion. And Realizing this.'

This was the Message from True Father received by a pure water.

So, as we build the Devotion of our Devotion, it Powers the Atmosphere. The Spiritual Atmosphere will be different. And if that Accumulates in the church, there will be profound and amazing Works that can happen within your Community.

In Yeosu, suddenly a 2nd generation had a spiritual thing happen, and when coming to the Counseling Center, we were able to resolve the spirit involved. I'm not sure if the Yeosu Church leader is here. However, if those things are happening in Yeosu Church, if there's a prayer team in Yeosu that can resolve such things, it will spread into the entire area.

when we say that we can resolve such things to people who are not members of the church, this will spread and that church can expand as a Church of Spirit and Truth. It may not be an easy prayer to cast away the spirits, (especially without sincere Devotion that Moves and Connects with Heaven of this Era, that spirit may laugh at you and double down)

We need to wield our sincere prayer and Devotion for the ability to resolve problems of brothers and sisters and families in our own church communities, so that our churches are Saviors with Heavenly Parent and HMH True Parents will Work and we then show proof how (with Them, with HyoJN, HeungJN, DMN, True Father and AGSs) we are able to save entire communities.

At this Shibuya Church recently, there was a member who was in a deep depression for ten years, but the father sent three of their daughters to participate in this Yeongseong Workshop, and we are able to see things being completely sorted out and resolved.

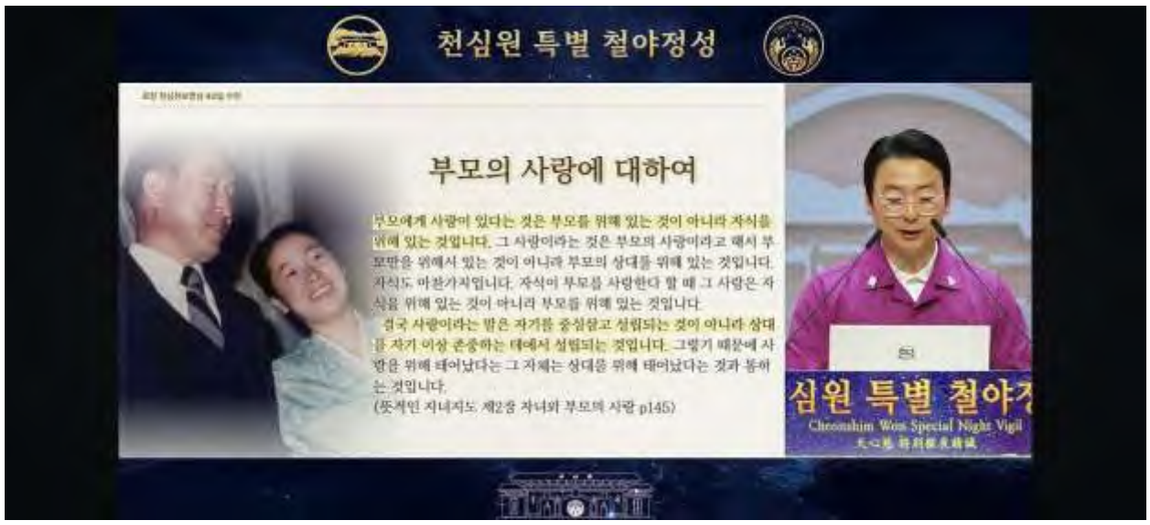

Seeing such Works of Grace and Blessing, we need to deeply realize Who True Parents Are. The Words of Chambumo Ron that we read tonight are of such importance:

"All this time, God has been Searching for the Mother. (That Mother is Holy Mother Han that God has been Looking for. That IS the HMH, True Mother.)

It is written in John 16:6, 'For God so Loved the world that God Gave God's Only Begotten Son... (It doesn't Say God Gave the OBS for America (or any denomination of Christianity, or only any one country)

True Father: That is what I Teach so Clearly. And that is why the Unification Church will not fall,... and that is why God Protects the Unification Church.

God so Loved the world that God Gave the True Parents on this earth. That is the reason why Unification will never fail. On this earth, there are so many authorities that make it difficult for True Parents to Walk Their Path. However, we have never failed (to continue advance of Heaven's Will and make victories) in the past. And we will never fail in the future as well.

With that kind of resolve and conviction, when we Offer Devotion and when we pray we need to move forward all the more strongly. 'For God so Loved the world that God Gave the Only Begotten Son, and those Who Believe in Him (and this Purpose of God's Love for all the world) will have eternal life.

Because Heavenly Parent Loves this world so much, Heavenly Parent has Sent True Parents to this earth, Heavenly Parent Gives the Only Begotten Daughter. Those who believe in (and Attend) the True Parents will be able to have eternal life and go to the eternal Heaven Realm ((the King Mother and King Father Kingdom of Heaven)). That Providence has been Completed through the Cheonwon Gung Cheonil Guk Entrance Ceremony.

We have Entered into the Era when Heavenly Parent can Directly Govern us. However, even if Heavenly Parent is Directly Governing, those whom dark spirits are working through cannot believe in (and receive) the Governing Works of Heavenly Parent. With dark spirits working through you, you won't be able to believe in and feel the Works of the AGSs. If you have all kinds of fallen nature and if you have depression, these are people who can be walking such a negatively difficult path (without good being able to come from it... going backward from the Will of Heaven)

In order to work this out and resolve this, there is the HJ CheonBo Special Workshop. We need to participate well with the Workshop in order to liberate the spirits' own education, become AGSs and (be wielded by True Father in the SW that) all eventually come to enter the Realm of Heavenly Parent's Direct Governance.

Participating well in the Yeongseong and Moshim WSs, this is the way to receive to answers to all that you have been confused about. This is the Era when we can receive such answers and resolve all internal and external problems.

All leaders need to think about how to be elevated into the faith of this Era, and going passed faith of past eras, and to be able (to be personally able and Guide others to be able).to enter Heavenly individual and Heavenly Family that are Governed by Heavenly Parent Directly. For that Purpose, we need to Offer Devotion.

And in the Process of Offering Devotion, we need to face our fallen natures and any kind of wall. In order to break down those walls and resolve and sort out the fallen nature as we battle in prayer and receive the Grace that Heaven has Prepared for us. I truly believe that we'll be able to enter the New Era with Great Grace and Blessing. TYVM (He bows to True Parents and to those gathered)
