VIDEO - Autumn Great Works for the Blessed Fulfillment of All Things

Autumn Appears Showing the Fruit of past Days.. Over 551,000 from 118 nations across the world

Offering the Fervent 3-Days of Devotion before Heaven.

We Testify that Cheon Shim Won is Father's Office and like Mother's Womb. Looking at everyone harmonizing and having a great time, I was able to feel Heavenly Parent and True Parents Love. I am putting all my effort and with that heart, I'm Attending the Workshop (His face and his smile is so pure and genuine... What a witness)

This 80th Workshop is a very special Workshop for this time, with Summer all the way up to Autumn of this time, the members have been shown Great Works.

President Lee Gi-Seong: If you want to receive the Blessing of All Things, what kind of Path do you need to Walk? True Father/True Parents Said it is about Inducting Heaven, remembering the names of those who helped them in the Northern Land and Seeing His Promise that once He went into the SW, He would repay them a thousand fold.

I feel that True Father is now Working for us from the Subjective Heavenly World. Do you not think that your Devotion for the sake of the world was something that eternally remains, not simply passed away? Think about it as Devotion for Heaven so that Heaven may Grant Blessing to you, your family, your tribe and your nation.

If you Pray holding onto the Holy Tree of All Things Candle and Move Forward, Amazing Work of Heaven will Unfold. And within each and every Page of HJ Wish Papers prayers for families and children, Pledges for a New Start and the children's earnest Hyo Jeong toward True Mother were Contained before Heaven.

As persecution and sorrow intensified, we made our Faith even firmer and have Offered Devotion until Receiving Heaven's Public Recognition. Offering fasting Devotion, HD Devotion, Bowing Devotion and Calling Out Name Prayer Devotion, we Dedicate this Cheon Shim Won, reaching to the 1,682nd Session, so please Accept this and Work.'

True Mother: Do not lose your Center in any situation and view things with the Eyes of Faith. Heavenly Parent's Dream will definitely be Fulfilled. And Forgive, Love and Unite, and move Forward. Engraving in our hearts these Words Given by True Mother, members gave even more Devotion with absolute Hope.

May the 1st and 2nd generation join hands together and substantiate true love so that the 3rd and 4th generation can carry on that Dream. Rather than blaming each other for our shortcomings, if we believe in each others' Potential, Encourage each other and Learn together, Love together and Grow together toward the future Prepared by True Mother, Heavenly Parent's Dream will definitely be Realized through us.

With the highlight of the GWs, the Tree of All Things Prayer Gathering, one small flame became another, suddenly become a vastness of the Light of True Love. Lighting this Candle Inheriting the Victory of True Love of True Parents of HEH, members Offered their deepest Hopes before Heaven.

reflection: 'Through the Tree of All Things Holy Candle, we were able to Inherit the Heart of True Love that True Mother Bestowed upon us. It felt as if True Parents were Telling us to Restore even more things. How much better would it have been if Mother were Present with us, Bestowing the Gifts of the Grace of the Holy Spirit through this Ceremony.

I also felt that in the SW, HyoJN and HeungJN were fervently shouting, 'Become a source of strength for our Father and Mother. Father and Mother, I Miss You so very much.'

Special Vigil Prayers for Blessed children also continued throughout this GWs. Speech: TYSM for persevering and overcoming junctures amidst trials and spiritual battles of these past 6 years. Seeing you prepare step by step toward a new Goal, your mom is truly proud of you. I'm sorry for being an inadequate mother, but mother will always do her very best in the mother's position. I love you, my son. Let's gain a little more strength together.'

The Victory Prayer Gathering for study test scores and job seekers have the parents' hearts for their children to Fulfill to become Owners of Cheon Il Guk along with the Reach up to Heaven. A mom says, 'There were many times I agonized over what words to comfort Hyunju with whenever she struggled or felt frustrated. At those times when I Prayed to Heavenly Parent, Heavenly Parent Gave me the Answer:

'Do not worry. I will Guide Everything if you Trust Heaven, if you Offer Devotion' So that Heavenly Parent would bring great Wisdom and Heavenly Fortune to Hyunju.

Hyunju: I will Fulfill my Entrusted Responsibility so that I can become a precious child that Heavenly

Parent and True Parents can Work through. (and the mom and daughter make a heart and thank Heavenly Parent and True Parents)

On the 2nd Day the HJ Ancestor Blessing Ceremony took Place with 4,375 Blessed families participating, at the time when Heaven and earth became one under Heaven's Blessing, members reflected on the value of an earthly life and live together with the SW. I was able to work together with my husband, and as much as we received Grace, prior to our departure, I wanted us to become a family that can Testify to Heavenly Parent and True Parents.

the husband: I deeply felt just how precious it is to know True Mother. Moving forward, I will Advance putting it into Practice to Testify to True Mother in this world.... We will become a Blessed family who can return Joy to True Parents. Mother, TY... (heart) We Love You.

Throughout the GWs Holy Ground Pilgrimages, Tracing the Footsteps of True Parents and True Family, this also continued. Reflection:

'Coming here, it is so beautiful. I Offer my sincere Gratitude to True Father for Preparing this in this Way. And while Experiencing the fishing and Walking the True Mother's Path and boating, I earnestly Pray for True Mother's Release and Long Life

At Cheonyujon, members Reflected upon the Meaning of True Father's Fishing Devotion and Maritime Providence, and they engraved deeply into their hearts, HyoJN's Heart which Sought to bring the Culture of Heart and the Arts into Full Blossom for Heaven

While waiting for bus tickets, we were able to come together. Hearing that HyoJN wrote many songs here, I was able to keenly Realize that he felt Parents' Love through Nature and Expressed that Heart through Song.'

Members also spent special moment with their families on the HJ cruise and Begonia Bird Garden. All members were able to enjoy these free of charge, with the beautiful Autumn of HJ and creating precious memories, sharing familial love and Affection.

Furthermore, through the Cheongwon Gung Holy Ground Pilgrimages, they Engraved deeply in their heart True Parents's Footsteps and Providential Will, Resolving to Attend HPs and put the Values of True Love and HJ into Practice.

'Many time when I was here at CP, I felt the one world under one roof means that we can come here and even though there are different languages and races, still feeling that my family of True Parents is here. So, True Parents please never give up on us, as when You Said You Never Gave Up on Humankind and True Mother Never Gave Up. And True Mother You're Still Working so very hard up to this point, so how can I stop. True Mother please stay Healthy. I so Want to Meet You as soon as You Return to Cheongyeong Gung. True Mother TY... '

Grace did not remain only in Prayer. Through various Programs, members mingled across races and nationalities, bringing together the Vision of One Family Under Heavenly Parent. The GWs was a time of Meeting Heaven within the heart of each individual.

KCLC Pastor's Speech: 'In that situation where He Suffered turmoil, this is such a Fulfillment of God's Will. The Mother of Peace also Said, 'Do not worry about Me. Do not Pray for Me. I hope you will Pray and Offer Devotion so that Heavenly Parent's Will can be Accomplished.

Let us make God's Kingdom Realized on this earth. In this Work, KCLC will also be together with you.'

What we Witnessed in this GWs was Hope. Pure water Yeongseong Workshop trainees were reborn through Devotion and Works at True Father's Office and the Place like True Mother's Womb. And along the Path of Faith that 1st generation members Guarded with Tears for long years, the 2nd and 3rd generations are now Walking together.

reflection: 'For our True Mother, here at Yeongseong Workshop, 1,000 graduates have gathered to Offer Devotion. I believe it has a great Value. The Day when True Mother is Sent to the SW, I Hope She Ascends as She Said, Wanting to take the Joy with Her. I Reflect about my life, and I Want to become a filial child who can Fulfill Heavenly Parent and True Parents's Dream. I Felt that I must put a lot of Effort into Becoming Pure Water.

Prayers Planted with Tears will definitely Become the Fruit of Hope. The True Love of True Parents will

Become a New History through our Lives.

The prodigy FF singer: I will always live knowing that Heavenly Parent and True Parents are by my side. Mother, please do not worry. We will absolutely Fulfill the Dream. Mother, stay healthy. Mother, I Love You.

applause... end of VIDEO

HJ PRAISE - International Workshop trainees 'Ten Thousand Reasons'

VIDEO - Yeongseong Workshop held in the UK

reflection: I Pray for True Mother. I Wanted to help Connection to Heavenly Mother and True Mother. I Felt deep Heart of True Mother. Ya, She Misses all Her children. I Felt that Longing Heart. But the amazing Environment in the Prayer Room was really Touching. I thought, 'She's so Beautiful' (tears) And I was really Touched by all the CheonBo Team and Staff that came with Rev. Moon, that all the Blessed children are so beautiful because of the Love they are Receiving from Heavenly Parent and the Devotion of the True Parents.

A brother's Message to True Mother (Is he Indian?): 'There's a lot I Want to say. I know a lot of things, Omma, that You already Know. But I Love You so much. (tears) I just Want You to Come Home, because we Miss You. Everyone Misses You so much. (tears and tears) It makes me so Sad to See You in such a place where You cannot be Loved by us. Sorry. There's so much I Want to say.

True Mother: We must Know the Truth. We must Stand confidently before the Truth. Just as DMN did, Offer your Devotion, and Sanctify yourselves. That is what I mean. What you Experience in your heart lasts forever. That is why I Felt that, while Witnessing through the Divine Principle is Important, FIRST, we should Move people's hearts, and then help them Embrace the Word. That was what I strove to do.' (Mother's Words)

MESSAGES RECEIVED : :

(Maybe they're not so aware of Mother's Direction in the UK but those of us who are aware, are responsible not to let one Word fall to the ground...)

This came up in the above video from UK (in this Korean HQ Model Cheon Shim Won):

'Bless the Lord Oh my soul, oh my soul, worship HIS Holy Name' and again (I thought it would read 'Her Holy Name' the second time the verse was sung, but they just went with the online original... It was again: 'Bless the Lord Oh my soul, oh my soul, worship HIS Holy Name' and left at that...

(I prayed/asked True Mother about this, if this is okay with Mother, (and even though Mother would still continue to Smile and Embrace all things like the Ocean), Mother Said,

'It is our responsibility whenever and wherever we can to make the choice and the effort to Connect Praise Music to Heavenly Mother God, and to the Central Pillar, Holy Mother Han (changing the words for that Connection). (That Standard Remains for each of us, after Mother's Direction She is known to have Spoken since After Entrance) I check again with Cheon Shim Won 8's and received 'Yes, this is the Message Heaven Wants put in the body of this transcript, hoping for our sensitivity to the indescribable Pain of Heavenly Parent not to be known as Heavenly Mother all throughout history until how we can Know now through True Mother...)

(After Mother just Said that we need to first 'move the heart of the people and then help them know the Word' and I asked again about this lyric.

'Since Love as a motive comes first, and if this was motive after Your Word to move people's heart first, is my concern then not aligned with Your Heart?

I Received the Words that Her Wish is that we would not 'go backward', with Word as God as Occupied it in a past age when we didn't know OBD/HMH/True Mother True Parents. Heavenly Parent and Jesus and

True Father now Want to Occupy the Praise of Holy Mother Han, OBD, Central Pillar of Providence True Mother. (The worship they are doing in the video is very different than this past era worship being sung by a past era Christian in an online tape).

. An unfathomable Price was Paid for it to now to be the Time we can Know The Heavenly Mother ---as we NEED to Witness in our Praise, for all's Need to Know and Attend and Love and Praise True Mother. And Mother Directed members, especially BFs to Make the Connection for our Praise and Arts to Honor this After Entrance Time. All around the world as well as HyoJN and HeungJN, the Inheritors and True Father 4PF we need to also Center with. They Inspired Song and Arts to Move people's hearts to a higher level of this Final Cheon Shim Won Age... There are so many to choose from...

President Lee Gi-seong said to play them all the time from the Cheonshim Won TV and other Cheon Shim Won Sites to further our Witness. However, Mother Said, if we do want to use a beautiful classical song, or any non-Cheon Shim Won song CHANGE IT, change the words, change even one word to represent Heavenly Mother/Holy Mother Han of After Entrance.

and then, only then, it has condition to Attend Mother's Direction and Connect with the Highest Spirit to Occupy and Witness with our Praise, the Highest Spirit to Feed the Growth of all generations and for Christians to also have the 'Experience' of becoming (unstuck and) 'New' with this Age (not to further Affirm how they and some members are 'stuck' with past Words and song inspirations..

I also prayed/asked Jesus... and I Received that 'Jesus has the most Pain that Christian Foundation did not Accept and Attend especially Holy Mother Han, Only Begotten Daughter, True Mother. And when we as the chosen people let any Word of True Mother's Direction for how to help Christians be moved through especially pure water singing Cheon Shim Won Songs or Transitional Chrisitan songs, we also block Christians from Connecting with and Attending OBD, HMH, True Mother (whing is their Mission).

Churches are continuing with charismatic preaching and music that jazzes up Praise for the limitation of salvation of the past with Jesus. Most tragic is that they and we also 'disconnect' from the Goal of all Providential History, which is the Appearance of the OBD Holy Mother Han... (And not to just make the song connect by our own thinking and heart inside, but the Direction is the actually bother to make the change in the song lyric. (The difference is spiritually astronomical by whether we have sensitivity to the indescribable Pain of Heavenly Parent not being known as Heavenly Mother throughout the Course of

history..).

End of the Video... (Beginning and end are very important to be the same after Heavenly Parent's Beginning and End of Absolute Will and Vision Realization.

to be 'Perfect' (not just by how some are born pure water generation with no connection to the fall) but by pure waters and all others growing perfection through Attending Perfection of HMH, OBS, Substantial God Mother's Word/Direction. There is not much more time of chance to be 'buttoned up properly' like that)

H Japan - Report - I Bon Sok

(bow and greetings)

Heartfelt congratulations to those celebrating the 38th Anniversary of the 6,500th Couples Blessing

testimonies of grace from the 3-Day Resonance Prayer Workshop held in connection with the GWs and testimonies from the GWs:

Home Church member: 'After the Workshop, and while attending a Cheon Shim Won Vigil at home, an affectionate love toward my husband that I had never felt before welled up, and I felt to say, 'I will give you ansu' and giving the ansu on my husband's back, his eyes grew moist and I wondered if it had been too painful. But my husband said, 'I felt your love for the first time.' I was astonished. At regional gatherings as well, my husband said the Yeongseong 3--Day Workshop is truly wonderful. And he testified that I had changed through the Workshop. Because he was not usually someone who spoke up proactively on his own, it was truly surprising.

In the past he did not permit me to attend GWs following the 3-Day Workshop. However, when it was the registration period for the 3-Day Yeongseong Workshop approached, when I pleaded, 'I cannot let Mother go to prison. And following the Workshop, I want to Attend the GWs as well.' And my husband told me, 'Since you change each time you return from Workshop, it is fine for you to go.'

Conflicts still remain between my husband and I. Nevertheless, receiving Love overflowing from Mother's Womb, I feel very much that I am being reborn without even realizing it. I am convinced that, as many people participate repeatedly, H Japan will also be reborn.'

next Grand Church Leader Takanori: 'Several years ago, during a Cheonshim Prayer Workshop gathering, I Prayed and Asked Heavenly Parent, 'I do not know what Hyo Jeong is. What must I do to Offer Hyo Jeong?' At that time I Received the following Response. 'I Love you. Your wife is also my Beloved daughter. Please make my Beloved daughter happy. Making My daughter happy is hyojeong.'

Although there was deep Emotion and Joy that Heavenly Parent has answered me, those Words remained as a stumbling block in my heart, because I knew that I had not yet been able to make my wife happy. I Attended the 3-Day Workshop with the hope of letting go of everything and treating my wife as Heavenly Parent would Want me to. (Letting fo of the past things I was shown, I Received great grace to be able to see my wife and love my wife anew)

HJ PRAISE - Cheonshim Choir

PRESIDENT LEE GI-SEONG'S MESSAGE

The World Mission Institute has given us the Welcoming Address... As we begin anew throughout the world... It was like the Inauguration Ceremony... and he is here today applause... If you move forward with Cheon Shim Won Prayer and Evotion, all the mission fields will see and witness Heaven's Work.

As we Offer the Devotion, while True Mother is in trial, She should not be facing the trial Alone, but we should show how much we are one. And I believe we have shown that through the GWs. The weather was great and members harmonized, gathered in one heart under Heavenly Parent in order to show the atmosphere of One Family.

It was truly the GW showing such Vision, and by Attending you were able to feel happiness. It was such a Great Work like that. So, from now on, every GWs, we must raise our energy, raise our atmosphere to become a moment for people to meet, also introducing each other's children, so that it becomes a Place of Matching. If we can make that happen throughout the world, all the people who have good sons and daughters will come to Korea, and have a conviction to introduce their children well, whereas online there are a lot of limits. And to make this happen can be the Greatest Festival of Blessing.

And among all the churches, if their is someone who can boast about their skills in cooking, please come and show your skills. One church cook had a spicy broth and another had noodles. That same kind of noodles were done by many different churches. And I would like to see a competition for who can make noodles the best, and through that see how great our Festival can become. And Cheonon Church, I hope you share more next time ---givng and showing that Love, without people having to pay much money, making the atmosphere through that.

I hope all the churches have a conviction that we must show our love to the people, especially those coming from abroad. If we can have such a heart, I believe this will be a Festival all the members will look forward to. So, as we saw, everything was like a Festival.

And we opened Hyojinjon, allowing all the members to go and Attend. Even after Vigil, in the morning at 6am, a member later saw that all the tickets had been cancelled, and as they looked around 480 members and 387 members... the bus rides kept on coming and going. We can see a lot of people wanted to visit Hyojinjon and Cheonjinjon.

And a Special Missionary as well a Grand Church Pastor, went to Hyojinjon and shed tears and cried out loudly with his Prayers, Resonating with HyoJN. And this reflection from him came to me. So, in that sense, we should not just Offer Praise and Liberate and Bless our Ancestors, but now is a time to look around all of the Cheonwon Complex, and Pray at the Cheonwon Gung and Hyojinjon etc. to be able to enjoy. You may go to the Bogonia Bird Park and ride on the Gapyeong Cruise.

You can truly Experience the Festival going on here. And I believe that people who are not members will come and visit here during the GWs. And at the World Center there are a lot of Conferences and Meetings. And from Seoraktown they put their banners on the street lamps. And I thought we should put our banners like that starting from Seoraktown all the way to the TC. That's what I felt.

Later, with the Board of Directors Kimu shik, we put it up there. In Buddhism, they put some kind of banner there whenever they do something, right? And let us decorate the entire Seoraktown so that they feel the atmosphere of the GWs... at the oil station and at the barber shop... so that everyone can see and know... the restaurants will receive a lot of benefits especially from putting up the banners to congratulate our GWs.

So, we must bring that Great Festival news to all of Seoraktown so that the atmosphere will change. There are a lot of pensions here, and I believe they will go to where that environment has been made already and will be made more.

It is time to praise our Victorious True Parents of HEH with ten thousand reasons. What are the Reasons to Praise Heavenly Parent and True Parents? Write that down. If you blame and complain instead, you will not be able to benefit from all that has Progressed throughout the Providence. If our attitude was creating the attractive atmosphere, I think the Will would already have been accomplished.

In the Beginning of the Creation, if Ham had not passed on the disbelief to his brothers, it would not have eventually taken ten generations from Noah to find God. Jesus had the Heaven Attitude and He did Come, but the people did not Believe in that 2nd Coming and persecuted Him. They put Him into trials, and they praised torture of the Messiah of 2nd Coming.

Now, in this Era when we are Looking at the Completion of the Providence with True Mother, She is Walking the Course of Trial. When we think about how this world has pushed our Mother to be in this court, we need to be among those who did not stay silent... those who cried out in Cheon Shim Won and Offered Prayer and Devotion.

Through the N.A.B.I. Mission, our members went out to the street and shouted. Today, our brother Miasaki told us he thought, 'Oh, the devil will speak something not useful. And when he listened, at first, he said that, to be honest, he was scared. But as he listened more and more, he realized what the Truth is.

And just like the words, 'The first will be last and the last will be first,' we have witnessed those Words. And our brother said that we have not lost. Those words also gave us great strength, and he also said that, upon the Words of True Mother, 'Do not pray for Me. Do not worry about Me,' He Realized that the Reason we are strong is that, we are believing in True Mother and passing down True Mother's Will.

He said about fighting together at the end, so that all will be possible (for God through us). And in ten years, our religion will be the one most trusted in Heavenly Japan. So, you must shout so that people will be feared. He said he was feared in the past. We must have greater energy fighting against the Communist force in Japan, stronger that that force. Then I believe we can short the ten years into 3 years.

Such GW can Unfold so that all will Welcome HMH. Why? Because SW is with us. So, during the time of the hardest period when we are witnessing this trial, those who are witnessed to during this time can become the strongest member.

During the time when Steven was kill with stones and the Romans were trying to capture Christians to kill them, eventually Saul of Witnessed to by Jesus, and Saul brought a new stronger wave to the Christians. And that's why he became the Apostle Paul. So, now is the time for us to stay strong and find the people who can stay strong with us, just like the Apostle Paul who changed after meeting Jesus.

And for that Purpose the Heavenly Europe and the Middle East Yeongseong Workshop has been held, and the video has shown the 21-Day Workshop in the UK at this moment. You watched that video. We were very moved to receive this report. That's why we showed this one. And I felt it was the right choice to watch it again.

For Mother's Release, they Offered Prayer and Devotion for 24 hours. As they Moved through that difficult Course of Devotion, at the end everyone was Soaked in Sweat and Tears, and from the Words they Spoke, everybody was very Moved to Love our True Mother. We Witnessed such Love.

Our Moon Im pyo will be leaving for the Middle East and Europe tomorrow. applause... Right now, Europe is at war and difficulties, and I believe that is a sign that they must hold onto HMH and Offer Prayer. If you Offer Prayer in that way, I believe the righteous people will rise up in Europe and the Middle East and the Work of the Substantial Holy Spirit will Unfold and bring Great Influence to this world. (He clenches and shakes his fist of Faith).

Today, if you see the Japanese Leader who struck the Cheonshim drum, he did it very strongly. And if the person beating the drum holds on with that drum, they can feel SW Resonating very strongly. Someone told me that it is so difficult to keep beating the drum, playing the drum. But if you actually play it, it's very difficult, but I do it every day and I don't feel tired. Why? Because SW is helping me. When you Pray with SW, you won't be tired or wavered. If you Speak the Messages or Offer the Resonance Prayer with SW, you won't feel tired.

So, we must bring this to Europe and the Middle East to Unfold and the New Wave, the New Wind of the Substantial Holy Spirit will come down. The Age of War will end and instead the Age of Competition

will Unfold. What Competition? The Competition of True Love, the Competition of Yeongseong Workshop. Aju? (Aju) All the nations will complete. It doesn't matter whether you steal other people's money or land. What's most important is to Embrace the world with True Love. That kind of competition together with realizing that is the Greatest Grace one can Receive, and then miraculous Works of Heaven can be seen by all.

Our Brother I Sang Man wrote down the Poem of Release on October 18th. It was Sunday. On that windy and stormy day. And when we went there to Release a fish, and we waited for the rain to get lighter, but when we went out it was too heavy again. But we went ahead and Released the fish. And our brother wrote down the very Moving Poem.

The next day on October 19th, True Mother was Released on Bail. And now She is going through the trial period without being in the same Detention. And the fish that we had Released with a great Gathering, was 96cm, which was caught when we began the Cheonyujon Workshop. And now we have a 77cm fish we are holding for the Release Prayer Gathering Ceremony, with that 77 number being such a fortunate number that I believe will bring the Good Fortune to us.

The Cheon Shim Won Heavenly Director, just like he has he has reported, just as we sang the Butterfly song, I believe H Japan will become absolutely One with HMH to make Victory.

Our Brother An Yong Sok has allowed us to move Forward with Faith upon Faith of the Cheonshim Weekly. And we heard the very important story. He collapsed suddenly and went to the Emergency ER. And we received that phone call that asked for the Calling Out Prayer for him. And our Yeongseong Workshop and Academy trainees played the drums and shouted. The drumstick even broke into pieces when they were playing. That's how earnestly they were praying for our brother An Yong Sok's health to be recovered.

And our Brother Tsujingte, the former Director of Heavenly US and Japan Cheon Shim Won, as he Prayed, the dark SW cloud that was over the ER Room was cast away and became Purple. And we heard that our Brother An Yong sok, upon hearing that, if he wanted to walk on his own willpower, he began with the walker and eventually stood up and started walking. Within 3 months, he was discharged and now he has Attended the 40-Day Workshop once, now starting a 2nd time. And he is within the Grace of Heaven.

And at that time, it was at Uwada Church that every day I saw more than 100 members every day for 20 minutes Offering Prayer and Devotion. And our brother who was at the brink of death was revived. Why? So that he can now give testimony that the SW Exists and the Power of the Name Holy Mother Han, and the Power of a BF who Attends HMH. The moment that our brother who is a BF Attending HMH Offering Prayer Speaking Her Name, the dark place turns into purple. Once you Call Out HMH, you Receive Salvation. Aju? (Aju.)

Those who Called Out the Lord's Name with Faith were Saved. And for us (in this Age of Attendance Faith of Cheon Il Guk and After Entrance Era), we must Call Out the Name Holy Mother Han's Name, and that will Allow you to Receive the Amazing Holy Work of Heaven to Unfold. So, I hope you Offer Prayer and Devotion Believing in that Fact. If you cannot think anything what to Pray, just Call Out 'Holy Mother Han' one thousand times, ten thousand times. and naturally you will be Resonating with the Heart of Heaven. Such Sacred Value is the Name 'Holy Mother Han'.

The Name 'Holy Mother Han' holds such Sacred Value. All the AGSs in the SW are Praising Holy Mother Han.

All the saints in the Old Testament Age, their Relationship with God was of a Servant of the Owner. That was their level of Heavenly Relationship. And in the New Testament Age, because there was no (Established Parents Position), they had only the adopted Position to the Father. The could not help but just Call Out to the 'Lord'.

Because they were the adopted child, they could Call Out to the Father, but they could not Call Out to the Mother (in the New Testament Age).

Andre Kim was one of the fashion leaders in Korea. And he adopted a child, but he could not make his child to call out 'mother' because he was by himself. But now we have passed the Completed Testament Age into the Cheonil Guk Era. Now we can Call Out 'Heavenly Father' AND 'Heavenly Mother' and 'Heavenly Parent. We have Come to this historical Era. Because of that, we can study Chambumo Ron.

We have Entered such an Era on the Foundation of the OTA, NTA and CTA, we can study Chambumo

Ron. Now, we can Realize everything and we can have AFAL and AO. As long as you have that attitude, you'll be ABLE TO ACCOMPLISH LIBERATION release of spirit world and physical world, release of the Heaven Realm (of King Mother and King Father of) the Kingdom of Heaven.

But we have a lot of people who gossip about these kinds of things. But once you Enter the Position of Absolute Faith Obedience Love, you will Receive Everything. You will be Able to Hear Father's Voice. ((or Intuitively Receive the Answer directly from Father or HyoJN or Mother or Heavenly Parent that you Pray Ask from as well as through people Heaven Works through)) You will be Able to hear True Mother's Voice, listen to Heaven's Voice. SUCH TIME HAS COME ((for any of us if we are sincere and 'neutral' or laid down to Receive it... need to constantly cleanse ourselves of any attached resentment spirits or blocks)). Because Heavenly Parent is Directly Governing in this (After Entrance) Era...

WE MUST EXPERIENCE THIS AS A HEAVENLY INDIVIDUAL ABSOLUTELY CENTERED ON Heavenly Parent AND True Mother/TPS, forming a Four-Position Foundation.

YOU MUST REFLECT, if you are Forming such a Foundation. YOU MUST REFLECT if you are Forming an Ideal Family, a Family that is the TEMPLE for Heavenly Parent. You must Reflect what your BF is Forming FOR THE REST PLACE OF ONLY Heavenly Parent and True Parents. You must ASK and discern what other dark, resentment spirits (causing us to be about ourselves, our own idea instead of Heavenly Parent and True Parents Word/Direction/Example of 4PF PRIORITIES)

It should not longer happen that resentment spirits, dark spirits are working in individual members and families. Aju? (Aju.) So, we need to see our choices how not to let that dark spirit/resentment spirit in, how not to make any room for that spirits to live attached to us, not have any wavering of our faith and heart.

Those who (Receive the Guidance Directly of a Substantial Subject Partner Heavenly Parent, as absolute objective partner as a way of life)... Those who Enter the Absolute Faith/Obeidence/True Love Realm/Position, Heaven will Work through that person... Heaven will SHOW THE AUTHORITY, SHOW THE POWER to that person. Heavenly Parent and True Parents will Appear with such Power to you.

So, because Heavenly Parent Appears as the Authority and Power of True Parents, True Parents's

AUTHORITY AND POWER NOBODY OVERTHROW such Authority and Power of True Parents. And we Heard such Words countless times already, and we Shouted thos Words Countless Times.

So, starting from yourself as an individual, you must FEEl that nobody can defeat the Authority and Power of your Parents. And if you can Expand that to the family, the nation and the world, then the Heavenly Unified World will be Established.

Such Door of SW has already Opened. That's why True Mother Proclaimed that Everything Has Been Fulfilled. That's why True Mother Told all the people to come to Gapyeong and look at what She has Done. And that's why we must make the entire Gapyeong a Place where all the people from around the world come, and Show that this is truly the (Garden of Eden, Heaven Realm, King Mother and Father Kingdom of Heaven).

I am truly witnessing the One Family Under Heavenly Parent in this Place. And through that even the non-church people can receive Revelation from Heaven. We must (believe in and experience and further) make that Atmosphere here at the Cheonon Complex. I hope you make such a Grace-filled time tonight.

After the Autumn GREAT WORKS, our Fortune, our Energy, our Atmosphere has been Advanced, has been further Unfolded, has been Differentiated. So, I hope you will Experience that. TYVM.
