In 2005, the [Family Federation for World Peace and Unification](#) (Family Federation), founded by the [Rev. The sentencing on Monday of Dr. Han — the federation's leader since the 2012 death of her husband — to two years in prison on bribery charges must have confounded the leadership in Pyongyang.

Pastor Mark Burns' statement about True Mother's sentence

I am deeply disturbed by the sentencing of Dr. Hak Ja Han Moon by the Seoul Central District Court in South Korea. As a pastor, an international advocate for religious freedom, and Founder and Chairman of Spiritual Diplomats, I believe this case raises serious concerns about the treatment of religious leaders and religious institutions in South Korea.

Statement from Pastor Dr. Mark Burns on the Sentencing of 83 year old religious leader, Dr. Hak Ja Han Moon

I am deeply disturbed by the sentencing of Dr. Hak Ja Han Moon by the Seoul Central District Court in South Korea.

As a pastor, an international advocate for religious freedom, and Founder and Chairman of Spiritual Diplomats, I believe this case raises serious concerns about the treatment of religious leaders and religious institutions in South Korea.

Dr. Hak Ja Han Moon is an internationally recognized religious leader whose ministry and work have reached millions of people around the world. Whatever political disagreements may exist, governments must be extremely careful that criminal law is never used in a way that becomes a weapon against religious leadership, religious organizations, or people of faith.

The freedom to worship, to organize, to speak, and to participate in the public life of a nation without fear of government persecution is a fundamental human right.

When an 83-year-old religious leader is sentenced to prison under circumstances that her church strongly disputes and intends to appeal, the international religious freedom community has a responsibility to pay attention.

I am calling upon the government and judicial authorities of the Republic of Korea to ensure that Dr. Han receives full due process, a fair and transparent appeals process, and treatment that respects both her human dignity and her religious freedom.

I also call upon religious leaders around the world, including Christians, Jews, Muslims, Hindus, Buddhists, Sikhs, and people of every faith tradition, to stand together whenever religious liberty is threatened.

Religious freedom cannot depend upon whether we agree with another person's theology.

You do not have to share someone's beliefs to defend their right to believe them.

Spiritual Diplomats stands against religious persecution anywhere in the world. We will continue to speak for people of faith whose fundamental freedoms are threatened, regardless of denomination, religion, nationality, or political affiliation.

South Korea is an important democracy and a valued friend of the United States. Precisely because of that friendship, we must be willing to speak openly when actions raise serious questions about religious liberty and fundamental human rights.

I stand with Dr. Hak Ja Han Moon in calling for justice, due process, religious freedom, and the protection of her fundamental human rights.

It's a cult and the leadership is responsible for their corruption. Why is the Trump administration obsessed with this cult?

Thank you, Pastor Burns. Your voice is very important as you are incredible international defender of religious freedom. And most of all you personally met Dr. Han and know her heart is not a political heart but one that only wants to do God's will.

Very well said and stated, Pastor Burns! It is time to put our theological differences aside in the face of this dangerous direction S. Korea is taking when it comes to threatening religious freedom, which is one of the hallmarks of democracy. Thank you for your clarion call

Freedom of religion and fundamental human rights are being violated in South Korea in an authoritarian manner. Even a 95-year-old religious leader has been detained. This is clearly religious persecution.

Yea I am really sorry Pastor Burns, but she is a scammer and that church is nuts. This is what happens when the scammer goes to jail. And the reason it is so hard to put the scammer in jail is because they use psychological tricks to manipulate you into believing them.

마크 번스 목사님이 강조한 이 원칙은 매우 중요합니다.
형법이 종교지도자나 종교단체, 신앙을 가진 사람들을 향한 '무기'가 되어서는 안 됩니다.
이것은 하나의 종교만의 문제가 아닙니다. 모든 종교와 민주주의 사회 전체의 문제입니다.
